NIGHT SCHOOLS IN WESTERN END

Many in This Part of State
Organized Under State
Board Supervision

107 PUPILS ENROLLED HERE

Western Pennsylvania is shown to have a fair proportion of the night schools which have been organized in the state under supervision of the State Board of education. There are 125 such schools reported, with a total attendance of 25,000 of whom almost 13,000 are men or boys.

Steps are to be taken shortly to increase the number of night schools in western Pennsylvania and schemes to get men interested are being discussed by educators, who recognize their value in Americanization and citizenship campaigns.

The reports show the following data about existing schools in the western part of the state: Braddock, one school with 263 attendants; Butler, organizing night schools; Bradford, one school with 40 attendants; Charleroi, one with 107 attendants; Connellsville, one with 105 and special teachers; Corry, two with 30; DuBois, one with 70 and state supervision and aid; Duquesne, one with 76; Erie, seven, with 1,566, the largest of any of the third-class cities; Greensburg, planning to open schools; Greenville, one with 25; Johnstown, one with 565; McKeesport, two with 405; Mt. Pleasant, one with 33; New Castle, one with 105 and a demand for more vocational courses; Warren, four with 68, all men and boys.

BATTLERS LOADED FOR BEAR IN BIG MAIN BOUT MATCH HERE TONIGHT

Loaded for bear Dick DeSanders of Pittsburgh and KO Sammy Taylor of Charleroi will face each other in the Charleroi ring in the main bout attraction at the rink tonight. These two worthy battlers have a feud to settle and it will be the sole aim of each to knock out the other. The preliminary bill will be a good one, with Jimmy Crowley, who has been creating a furor in the Pittsburgh district and Eddie Hazel in the semi-final. Jimmy O'Day and Young Carmen will box the second bout and Young Cowboy and Kid Dillon will appear in the opener.

Ambassador Gerard Welcomed by 100,000 in New York

When Ambassador Gerard arrived after a long and tedious journey from Berlin, he was greeted in New York by fully one hundred thousand persons, and heartily cheered. Ambassador Gerard brought information to President Wilson of the utmost value in dealing with the present critical situation with Germany. Little of it has been made public.

CABINET IN SESSION AWAITS DETAILS OF SUBMARINE ACTIVITY

"The situation is too serious to discuss," said Secretary Lansing when summoned to the White House at Washington today at 11:30 to discuss the war prospects with Germany, following the sinking of the three American vessels. Little is being given out of news value at the American capital, but President Wilson and his cabinet are anxiously awaiting definite and well authenticated reports of the activity of German submarines from the City of Memphis, one of the vessels sunk by a German submarine are still missing but it is believed they have been rescued.

AUTOMOBILE SMASHED; OCCUPANTS NOT HURT

When their automobile was side-swiped by a Pittsburg and Lake Erie train at the Webster crossing Sunday morning about 1:30 o'clock Tom Filen and Miss Edna Krepps, both of Monessen had a narrow escape from death. They were both slightly cut and bruised and required the attention of a physician. Their machine, driven by Filen was pulled 100 yards by the train and demolished. The couple were taken home.

"COWBOY JOE" KOKOSKI IS BACK IN HOSPITAL

"Cowboy Joe" Kokoski, who a week ago attempted to "shoot up" Policeman Wesley Corey of Charleroi, but was "plugged" himself by Policeman James Murphy is in the Washington hospital to undergo repairs. "Cowboy Joe" was confined to the Charleroi-Monessen hospital but was released and brought to the county jail. His injuries continued to trouble him and he was removed to the Washington hospital where an X-ray photograph of the injury was taken. The bullet was found and removed to ether with three pieces of bone.

WAGON SHIPPERS REFUSE TO LOAD INTO BOX CARS

Resolution Passed by Monongahela Valley Dealers
at Local Meeting

STATE DECISION IS AWAITED

Coal men of the Monongahela Valley who load firm wagons will not make application for use of box cars, in accordance with the desires and order of the Pennsylvania Railroad, until the Public Service Commission hands down a decision on the Monongahela Valley Wagon Loaders' association's protest. This was the sense of a resolution passed by dealers in a meeting in the Bank of Charleroi last Saturday night. Small dealers consider they would be defeating their own purpose if they should accept box cars when they are fighting against their use. In addition they state there is no market for coal loaded in box cars because of the difficulty in unloading. Rates are practically doubled, also so that there is more than one reason for the protest now before the Public Service Commission.

KOKOSKI PLEADS AND GETS PEN SENTENCE

Pleading guilty to the charge of felonious shooting, "Cowboy Joe" Kokoski, who last week fired upon Policeman G. W. Corey when an attempt was made to arrest him, was sentenced at Washington today to imprisonment in the western penitentiary for an indeterminate sentence of from three to seven years. Kokoski upon his removal to Washington last week was sent to a Washington hospital to be further treated for his wounds received at the hands of Policeman James Murphy who fired directly after "Cowboy Joe" had shot at Policeman Corey.

SPEAKEASIES ARE RAIDED

County Officers Swoop
Down on East Canonsburg Traders

ONE "BARROOM" IS INVADDED

A wagon load of intoxicants was secured Friday when County Detective Byron W. Knesrick and Special Court Officer Frank H. Mitchell made a raid on several East Canonsburg speakeasies. There was a general closing down of the illegal liquor traffic business when it was learned the officers were making the rounds, and some persons who were in this kind of business are said to have left that section rather hurriedly.

Three arrests were made. Two other suspected violators are under surveillance, but their arrest has been deferred. Nick Napoli and wife were taken into custody. At his place the officers found regular bar and drinking rooms fitted up. There were tables about one room and benches and other conveniences for the patrons. At this place the officers seized a barrel of beer, 140 bottles of whiskey some alcohol, some gin, some wine and other intoxicants. At four different places, where men were sent to buy liquor, if they could, there was secured whiskey, all of the same kind and make, known as "Rock Cave" whiskey, and distilled in Peoria, Ill. It is bonded liquor.

Andy Divito, a beer agent, was also arrested. He represented Steubenville, O., liquor dealers, who have figured recently in court in proceedings brought by the district attorney, charging them with violating the liquor laws.

GRAVE CRISIS FACING.

A grave crisis faces the American government with the sinking of the three American vessels by the Germans. The overt act has been committed and only the final decision of the President and Congress remains now.

In spite of the persistent efforts of the American president and people to avoid it, war seems inevitable. Just how serious the conflict may be no one can guess. If ever there will be no backing down.

There is a growing belief that Germany is on her last legs, that her submarine war is a final desperate effort to win. Her hope is that Mexico can be induced to enter the struggle, and help turn the trick. There lies danger Mexico seems insignificant, but is not to be taken lightly, especially if guided by Germany as an ally.

WHAT OTHERS THINK

DISAPPOINTING

Membership on the new Tariff Commission has been given to representatives from Massachusetts, Maryland, California, Colorado, Kansas and South Carolina. It is said every place went to a man who worked and voted for Wilson last November. The law provided that it should be non-partisan in membership and the avowed purpose of the creation of the commission was to take the tariff out of politics. The chances are that it will result in making it a more political question than it has ever been.

Pennsylvania was not represented on the Commission although it is one of the greatest manufacturing states in the union. In fact, eighty per cent of the industries of the nation are represented in this Commonwealth. None of the truly great manufacturing states has representation. There is no provision made whereby the rights and interest of the manufacturer and his employees can be advanced.

It is a pity that so much partisanship and injustice has been displayed in the appointment. The slogan has been to forget partisanship and to uphold the President. This has been the attitude of the country and from none has come a quicker or more enthusiastic response than from the Republicans of the nation. It would have been infinitely better had their patriotism and their support been accorded more adequate recognition—Uniontown Herald.

SCHOOL GARDENING.

The school garden movement was not promoted so much for what few potatoes and beans the youngsters could raise on their little plots. It was more to train the children in industrious habits, and to interest them in processes of nature. But vegetables are regarded with wholesome respect now. The National Educational association plans to push school gardens harder this summer, as a resource in food production.

Teachers are to secure permission to use vacant lots and back yards. If the schools everywhere would promote this movement, an increase could be made in the food supply. Speculators who are contriving to beat the last dollar out of the poor man, would reflect on all these little crops stored away in a million cellars.

The school garden will be planted with boisterous enthusiasm. It always gave a youngster a thrill to do something like his father. He will feel like a grown man while he is digging his furrow and dropping his seed. There will come a day when the weeds have grown very tall. The teacher is questioning at noon recesses. A boy's will is the wind's will and vacation days are full of pressing engagements. The summer home has to be visited several times a day, and there are no end of boys' nests to be visited. A boy will play games to be played. Then there is the inappropriate fact that the garden was not laid out in the shade. If this vital consideration has not been overlooked, it would have been much more practical for Tommy to weed his plot.

Still the children's gardens have really raised a substantial amount of

product. Children are happier if they have some regular tasks. But their gardens will amount to a great deal more if some competent person is given the job of regularly supervising them. Father can well afford to pay something for real vegetable—Butler Eagle.

ELECTRIC SPARKS

Some men may fail in the literary test who could give lots of college credit in a run for the money in a business test.

Considering the size of their flat some wives might wish they had been wooed by a cave man.

Much could be done in the matter of diet economy at Washington. For instance Congress might renounce its claim on the ground that it doesn't contain a sufficient number of calories.

The latest educational wrinkle is to teach penmanship to musical accompaniment. If your stenographer is showing your letters to her in dictation time.

What could be more accommodating than selling American goods cheaper abroad than to the consumers at home.

Some voices are inspiring. In fact they inspire violence.

Idle gossip is the busiest thing in the world.

When you are asked to guess the age of a lady it is not always advisable to tell her what you guess.

Just like a husband to be talking about cylinders, and engines and never even mention the upholstery to his wife.

The reason some people lose interest in cards is because one friend is a hard loser and the other an easy winner.

PICKED UP IN PASSING

In an Irish court house an old man was called into the witness box and, being infirm and just a little near-sighted, he went too far in more than one sense. Instead of going up the stairs that led to the box he mounted those that led to the bench. The judge, good-humoredly, said:

"Is it a judge you want to be, my good man?"

"Ah, sure, your Honor," was the reply; "I am an old man now and maybe it's all I'm fit for."—London Globe.

She was undergoing an examination and when the physician advanced toward her with something that looked like a cross between a microscope and a testing fork she asked what it was for.

"To see down your throat with," replied the medico. "You have no idea how far I can see with this instrument."

Then it was that the lady got off the mark like a keg of dynamite.

"Where are you going?" asked the physician in surprise.

"I'm going down for a new pair of stockings—there's a hole in one of these I have on."

WEAK FROM GRIPPE

Home Missionary Tells How She Restored Her Strength

"I am a Home Missionary, was weak and run-down after a hard spell of LaGrippe. I had headaches, indigestion and pains in my chest, and was tired all the time. A friend asked me to try Vinol and the result is I am free from those troubles and I feel well and strong and able to go to work again." Mrs. Hattie Johnson, T. J. Pa.

The reason Vinol was so successful in building up Mrs. Johnson's health is because it is a constitutional remedy which contains beef and cod liver oils, iron and manganese, peptones and glycerophosphates, all combined in a delicious and palatable wine.

We wish every person in Charleroi who is suffering from a weak, run-down, debilitated condition, would try Vinol on our guarantee to return their money if it fails to benefit them.

SMART STYLE WEEK

This is "Smart Style Week" in our Ladies' Ready-to-Wear Department. This week we are having a Special Display of

SUITS - COATS - DRESSES

Hundreds of Them in New Styles for Spring

The very newest styles, in all their diverse interpretations, are here in this very interesting display of Suit and Coat Fashions for Spring 1917. The style tendencies are so subtle and evasive that it's rather difficult to describe them except in a general way.

Most pronounced is the air of youthfulness in these new garments. You will be surprised to see how nicely this idea is embodied in the new garments for the older women, without causing them to lose the slightest dignity.

SUITS AND COATS

The lines of Suits and Coats this season are simple and yet subtle in hints of figure. Nor is there anything that smacks of the "Common" about their simplicity of style. To the contrary one's individuality is better expressed in the styles this season than ever before.

DRESSES

Far from least among the many new things displayed at this store are the dresses. There is a wonderfully large and fine showing of dresses of all kinds for every occasion, street, afternoon or evening wear. They are in newest styles and there are some exceptional values.

One of the attractive values we feature at present is the special line of silk dresses, in new styles and colorings.

Since seeing this excellent display of the new models does not necessitate buying, you can surely have no objections to coming in and inspecting them. We will be pleased to discuss styles with you, to have you examine and try on the Suits and Coats of our showing.

Scores of new SKIRTS, too

We have received very recently a new lot of Spring silk skirts. The plain black and navy blue taffeta skirts have their many admirers as have those made of the handsome novelty silks, with their broad or narrow stripes and fancy plaids.

Some are made on plain straight lines, others in shirred effects, pleated and draped styles. In this comprehensive showing are to be found black taffetas, navy taffetas, plain and fancy pongees, striped fancy silks, French serges, wool poplins, wool velours, checked velours and black and white checks. Prices range from \$5.00 to \$15.00.

WASHINGTON TIED WITH CANONSBURG FOR FIRST PLACE IN THE LEAGUE

By defeating Monongahela high last week, Washington high tied with Canonsburg high for first place in the Washington County Interscholastic Basketball league. Each of these two teams has lost but one game having broken even in a two-game series to date. It is apparent now that no other team in the league is able to win from either and that the rivals will finish the season with a dead heat for first place honors is now admitted, making the arrangement of a post-season series on a neutral floor practically certain. The league season will likely wind up this week. The standing follows:

The confiscated liquor was loaded into a wagon and locked up in a cell at the Canonsburg lockup. The information against the violators was made before Justice T. M. Reese.

so on hand to start his friends on the
road to wellville and they have all
thanked him for putting them right.

He says he felt better after the
first day, that his whole system seem-
ed to be hungry for Iron the way it
took hold and the Phosphates seem-
ed to settle his nerves at once, he ate
better and could sleep nights and get
up in the morning feeling fit.

Hundreds of men and women say
Phosphated Iron has renewed them
with rich healthy blood, giving them
just enough Iron and the Phosphates
